PROFESSIONAL SUMMARY

Frontend developer with hands-on experience building and deploying responsive web applications using React, TypeScript, Next.js, and Tailwind CSS. Currently contributing to a live AI-powered platform, with a strong eye for clean UI, component architecture, and user experience. Self-driven, fast learner, and comfortable working in remote engineering teams.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, HTML, CSS

Frameworks & Libraries: React, Next.js

Styling: Tailwind CSS

Tools: Figma, Git, GitHub, Vercel

Concepts: Responsive Design, Component Architecture, REST APIs, UI/UX, State Management

PROFESSIONAL EXPERIENCE

Afridam AI - Remote

February 2026 - Present

React / Next.js Frontend Developer (Intern)

Key Responsibilities:

- Built responsive web interfaces using React, TypeScript, Next.js, and Tailwind CSS, improving usability across mobile, tablet, and desktop
- Engineered a multi-item responsive carousel with dynamic breakpoint detection and stale-closure-free autoplay logic
- Rebuilt the navigation system with a clean responsive layout, mobile menu with animations, and active route highlighting
- Developed cart and order flow UI that communicates with a live REST API, including real-time error handling and stock validation
- Created reusable React components and custom hooks that reduced repetitive code and improved maintainability across the codebase

Courseware Developer - Lagos State, Nigeria
Course Creator

January 2025 - Present

Key Responsibilities:

- Analyzed training needs and collaborated with subject matter experts to define clear learning objectives aligned with business goals
- Designed and developed engaging instructional content including lesson plans, storyboards, and e-learning modules
- Collaborated with project managers and instructional designers to deliver training on schedule
- Maintained and updated existing courseware to reflect new policies, procedures, and technologies
- Produced visually engaging presentations using PowerPoint that improved stakeholder understanding and project approval rates

M&T Computer Center - Port Harcourt, Rivers State, Nigeria
Personal Assistant

January 2015 - October 2017

Key Responsibilities:

- Assisted in project preparations and coordination, contributing to on-time delivery and client satisfaction
- Documented datasets using Excel, ensuring accurate tracking and supporting informed decision-making
- Managed mail correspondence and maintained important records, boosting operational efficiency
- Supported cross-functional teams in achieving project milestones
